

BAGGAGE POLICY

Due to the cargo hold capacity limitations of the Dash 8 and ATR aircraft currently operated by LIAT, it is necessary that LIAT restricts the amount of baggage carried by its passengers. This will help us offer a more consistent and reliable baggage delivery service to passengers adhering to the baggage limitations.

The free baggage allowance for all LIAT services must be one piece at a maximum of 50 lbs (23 kgs.) per adult or child passenger. Infants ticketed as part of an adult's itinerary do not qualify for this free baggage allowance. If they are ticketed and a seat is reserved for them, then they are entitled to the free baggage allowance of 50lbs (23kgs) per person. The maximum overall size per piece will be 62 inches (157 cms).

In addition passengers will be allowed one piece of cabin baggage at a maximum weight of 15 lbs.(7 kgs.) and maximum overall dimensions of 21 inches x 14 inches x 8 inches (53 x 35 x 20 cms). These dimensions include wheels, all pockets and handles.

Any passenger travelling with more hand luggage may have this removed at the departure gate and will be charged for the carriage of the same.

If there is no space in the hold of the flight you are booked on, the luggage may be carried on a later flight.

Additional small personal items will be carried free of charge (see notes 1 & 2).

Hand Baggage Restrictions - Liquids

Most countries limit the amount and types of liquid you can carry in your hand baggage.

You can usually pack liquids, aerosols, gels, creams and pastes in your hand baggage, but each item must be in a container no bigger than 3.4 ounces (100 millilitres), all of which must be packed in a sealable quart-sized (20 cm x 20 cm), clear plastic bag. This must be screened separately from the rest of your hand baggage.

You must pack anything more than this in your checked baggage. These rules don't apply for medications accompanied by a doctor's prescription, or for baby food and drink.

You can also purchase liquids once you are through security. Duty free items must be packed in a sealed, secure and tamper-evident bag, with the receipt inside.

We recommend that you check with your departure airport before travelling.

Checked-in baggage should not include items listed in [note 3](#) and LIAT accepts no liability for such items

Note 1: The following additional items may be carried free of charge:

- A lady's handbag, pocketbook or purse, i.e. which is appropriate to normal travelling dress and is not being used as a container for the transportation of articles which should otherwise be regarded as baggage.

- A reasonable amount of reading matter for the flight
- Infant's food for in-flight consumption and infant's carry basket
- A fully collapsible wheelchair and/or crutches, and/or braces or other prosthetic device for the use by a physically challenged passenger. Certain items such as, infant carrying baskets or carrycots, wheelchairs and walking aids other than sticks or crutches must be labelled and stowed in the checked baggage compartment.

Note 2: An approved infant car seat will be permitted in the cabin, provided that it can be secured by a seat belt, a seat is reserved for the infant and a child's fare paid.

The car seat must bear two (2) labels usually located on the side or the underside of the car seat.

- The first must state: "This child restraint system conforms to all applicable Federal motor vehicle safety standards"
- The second must state: "This restraint is certified for use in motor vehicles and aircraft." (In red lettering)

Cabin bags, ladies vanity or cosmetic cases are not included in the free personal articles list. These items and others which do not visibly accord with the description of personal articles must be considered as cabin baggage or an item of checked baggage.
